> 6 credit hours		300.00
Summer Semester		
< = 6 credit hours		130.00
> 6 credit hours		210.00

Please note that starting in Fall 2009 there has been a change to the mandatory fee structure at IUPUI in an effort to make student bills more user friendly. Based on the recommendations of a campus-wide fee simplification committee, which included students, the student activities fee, the athletic fee, the general services fee and the technology fee have been eliminated. Each of these fees were assessed in different ways depending on the number of credit hours taken. At the recommendation of the committee, a single fee - the General Fee - is replacing the previous four. The General Fee will be assessed to all students enrolled in an IUPUI course (on or off campus) based on the rationale that all students affiliated with IUPUI benefit from the reputation of the strong academic and student experience of the campus. Those students taking six credit hours or less will pay \$175 and those students taking more than six credit hours will pay \$300. In many cases students will pay less for mandatory fees under this new structure than they have in the past.

The fee simplification committee also recommended greater transparency in how funds are being spent. To that end, a process will be developed as we go into fiscal year 2011 that allows for students to understand how dollars have been spent in the past and to encourage their input as to where dollars should be invested to meet student needs going forward.

**FOOTNOTES:**

<sup>7</sup> Music Technology majors not assessed the program fee until 2010-11.

<sup>8</sup> The General Fee is applicable to IUPUI only; IUPU-Columbus retains a mandatory Technology Fee. For more information on IUPUC mandatory fees go to the IUPUC Office of the Bursar website (<http://www.iupuc.edu/bursar/tuition/fees/>).
